

Quick reference guide

Monogram Health

Monogram Health provides evidence-based, whole-person, in-home care for patients with polychronic conditions – including chronic kidney and end-stage kidney disease – so you can focus on what matters most in life.

Through Monogram’s unique in-home nephrology, primary care and chronic condition treatment and benefits management services, they enhance access to affordable care in all communities, drive better health outcomes and, in turn, decrease total cost of care, creating value for their patients and partners. Monogram’s services are provided at *no additional* cost to patients.

Patient Attributions

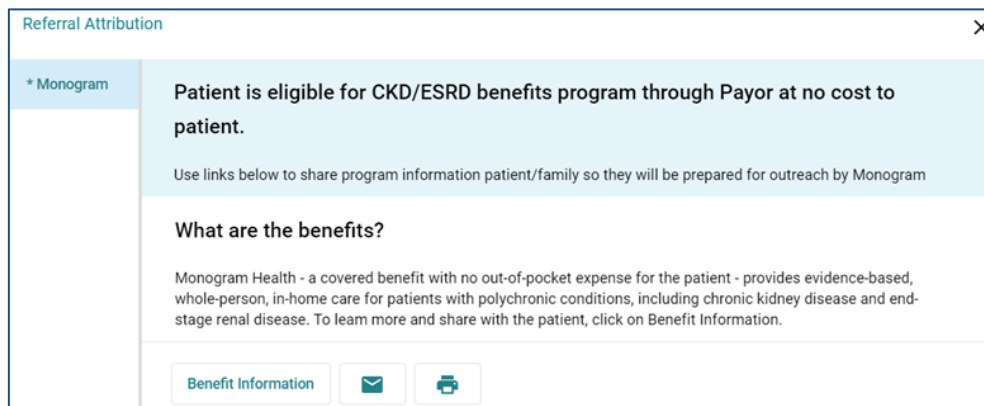

Easily identify Monogram eligible or enrolled patients with our patient attribution tag to drive awareness of Monograms benefits to eligible patients.

The screenshot shows a web interface for patient attribution. At the top, there is a search bar with 'Current View' and a dropdown menu set to 'Select', followed by a 'Go' button and a print icon. Below this is a pagination bar showing 'Page 1' (highlighted), followed by pages 2 through 7, and a '>>' button. To the right of the pagination bar, it says '(1442 Total Records)'. The main content area is a table with the following columns: 'Actions', 'Managed Patient Reason', 'PAC LOC', 'Patient Name', 'LOS', 'Admission Date', 'Facility', 'Location', 'UM Status', 'Date Of Birth', 'Account #', 'MRN', and 'Primary Diagnosis', 'Attending Physician'. Below the table, there are three status indicators: 'PC' with a green checkmark, 'AD' with a yellow plus sign, and 'UM' with a red minus sign. A 'Monogram Eligible' tag is visible, which is a blue pill-shaped button with a clock icon and a mail icon. Below the tag is a dropdown menu set to 'Select' and a 'Go' button. The first row of the table shows the following data: Patient Name: Patricia Reynolds, LOS: 411d, Admission Date: 7/10/2023, Facility: Th Oaks Skilled Nursing, Location: -, UM Status: -, Date Of Birth: 07/17/1947, Account #: -, MRN: 113423902, Primary Diagnosis: High Risk - Heart Failure, Attending Physician: -.

Engagement

Care teams can print or digitally send Monogram benefit information from CarePort **Care Management** for eligible patients.

The screenshot shows a 'Referral Attribution' dialog box with a close button (X) in the top right corner. The dialog has a light blue header with the text '* Monogram'. The main content area contains the following text: 'Patient is eligible for CKD/ESRD benefits program through Payor at no cost to patient.' Below this, it says 'Use links below to share program information patient/family so they will be prepared for outreach by Monogram'. The next section is titled 'What are the benefits?' and contains the text: 'Monogram Health - a covered benefit with no out-of-pocket expense for the patient - provides evidence-based, whole-person, in-home care for patients with polychronic conditions, including chronic kidney disease and end-stage renal disease. To learn more and share with the patient, click on Benefit Information.' At the bottom of the dialog, there are three buttons: 'Benefit Information', a mail icon, and a print icon.

Chat
