

Quick reference guide

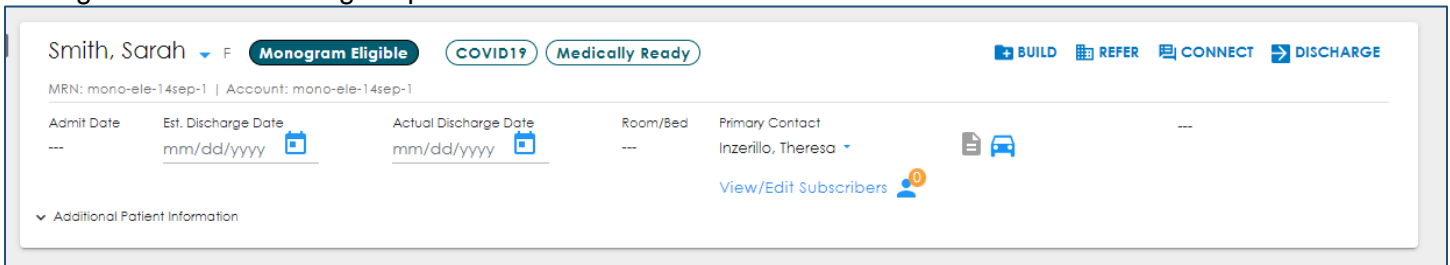

Monogram Health

Monogram Health provides evidence-based, whole-person, in-home care for patients with polychronic conditions – including chronic kidney and end-stage kidney disease – so you can focus on what matters most in life.

Through Monogram’s unique in-home nephrology, primary care and chronic condition treatment and benefits management services, they enhance access to affordable care in all communities, drive better health outcomes and, in turn, decrease total cost of care, creating value for their patients and partners. Monogram’s services are provided at *no additional* cost to patients.

Patient Attributions

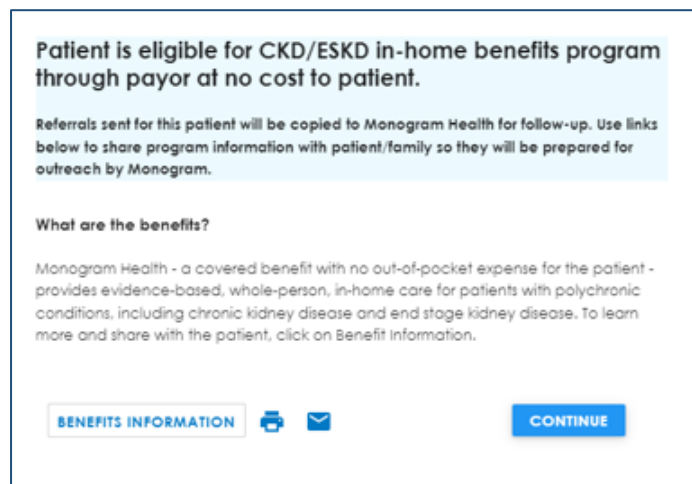

Easily identify Monogram eligible or enrolled patients with our patient attribution tag to drive awareness of Monogram’s benefits to eligible patients.

The screenshot shows a patient profile for Sarah Smith. At the top, there are three status tags: "Monogram Eligible" (highlighted in blue), "COVID19", and "Medically Ready". To the right are action buttons: "BUILD", "REFER", "CONNECT", and "DISCHARGE". Below the name, the MRN and Account numbers are listed as "mono-ele-14sep-1". A table below contains fields for "Admit Date", "Est. Discharge Date", "Actual Discharge Date", "Room/Bed", and "Primary Contact". The "Est. Discharge Date" and "Actual Discharge Date" fields have calendar icons. The "Primary Contact" is listed as "Inzerillo, Theresa". There is also a "View/Edit Subscribers" link with a "0" notification badge. A dropdown arrow indicates "Additional Patient Information".

Engagement

Care teams can print or digitally send Monogram benefit information from **CarePort Discharge** for eligible patients.

Patient is eligible for CKD/ESKD in-home benefits program through payor at no cost to patient.

Referrals sent for this patient will be copied to Monogram Health for follow-up. Use links below to share program information with patient/family so they will be prepared for outreach by Monogram.

What are the benefits?
