

# Maximize reimbursement and accelerate your coding and record review process

Empower your team to focus on what really matters – **delivering exceptional patient care.**

**WellSky's experienced team of certified coders provides fast and accurate coding for your organization.**

**The result: improvements in every facet of your business.**

## Quality

With a 97% accuracy rate, our team of experienced coders can reduce errors and maximize your reimbursement.

## Efficiency

By working inside your EMR, we speed up the coding and record review process.

## Security

Our HIPAA-compliant infrastructure meets the most rigorous data security standards in the industry.

WellSky takes a team-based, consultative approach to home health and hospice coding. When you partner with us, you are assigned a dedicated team comprised of a coding manager, certified coders, and quality experts.

## Designed for your success

Through WellSky's tried-and-true partnership approach, our team of experts works with you to design a program that meets your organization's specific needs. Choose from our three service levels available for home health and hospice.

All service levels offer coding review within your EMR, streamlining the process, and reducing the workload for your team.
