

Improve cash flow with timely, compliant, and accurate billing processes

Deliver exceptional care with financial certainty.

Access to feedback on every unpaid and denied claim helps your team collect every dollar it's due.

Streamlined

Work directly with a WellSky billing expert to improve communication and eliminate spreadsheet tracking. Next steps and claims statuses are noted directly in the system.

Transparent

Gain real-time visibility of the status of your claims with unrestricted access to reporting dashboards.

Compliant

Set a submission schedule that keeps you on time and compliant through a platform that works seamlessly with your EMR and clearinghouse.

WellSky Revenue Cycle Services eliminates staffing challenges, training, and costs so you can direct more resources toward improving patient care and outcomes.

A consultative approach

With **WellSky Revenue Cycle Services**, you gain access to an experienced team of consultants that understands how the upstream process can impact reimbursements. WellSky's consultative approach to billing provides valuable insight into every unpaid and denied claim, including detailed information about why the claim is still on your accounts receivable report.

Partner with WellSky to receive:

- Robust claims tracking, management, and follow-up services
- 24/7 access to dashboards that show you the real-time status of every claim, including who is currently working the claim in question
- Up-to-the-minute information about accounts receivable and cash flow
- Insights into the reasons for denials

Reimbursement is mission critical

Maintaining a healthy revenue cycle is an integral part of delivering outstanding home health and hospice care. With **WellSky Revenue Cycle Services**, you receive instantaneous and transparent feedback that drives efficiency to improve cash flow.

Our team of expert consultants will help you optimize your revenue cycle with:

- Faster payments
- Reduced rejection of claims
- More efficient tracking of claims
- Follow up on unpaid claims

About WellSky Services
